STYLE, SECURITY, & RELIABILITY

Slim, Metal Body: built from aluminum metal, yet weighs less than 1.4kg/3.09lbs. and is 15.9mm thin with a mineral gray finish

Infinity Screen: close to 80% screen-to-body ratio means the body is smaller, not the screen

Immersive Audio and Video: HARMAN branded speakers with Dolby® Audio™ for better sound clarity. Full-HD IPS panel with 300nit brightness and Dolby® Vision™ for rich, vivid visuals.

Default Discrete TPM 2.0: enables Windows 10 security features and encrypts user data

Camera Shutter: allows full control over camera and privacy

Anti-spill Design: withstands up to 60cc of liquid on the keyboard

Higher Durability: lay-flat hinge design allows free exit of heated air which extends reliability and zinc coating makes the hinge last longer

INSTANTANEOUS RESPONSE

Latest OS & Processor: Windows 10 Pro 64-bit on 8th Generation Intel® Core™ i7 Processor means the hardware is performing to its maximum capability

Standard SSD: up to 18x times responsiveness of an HDD*

Modern Standby:** allows listening to music while in standby mode; resumes in less than 0.5 sec and allows instant email updates after resuming

Smart Power On: login with fingerprint and unlock in one step, just like a smartphone

Skype Hot Keys: one key to answer, one to hang up, eliminates searching for on-screen buttons

Skype-certified Mics: near-field voice recognition allows effective interaction with Microsoft Cortana

Powerful Graphics: AMD Radeon™ 540X with 2GB GDDR5 VRAM or Integrated Intel® UHD 620 with UMA memory for an immersive visual experience

*under standard laboratory test environment.
**Modern Standby is available on configurations with Intel Integrated graphics (UMA).

UNCOMPROMISED SUPPORT

Think Service & Support: automatic access to business-grade expertise and repair, for up to 30% faster SLAs, greater satisfaction, and lower downtime

Longer Warranty: up to 1-year base and up to 5 years total, depending on the model and country of purchase

Onsite Next Business Day Support: easily upgrade to NBD with extended warranties, exclusive to Think products

Accidental Damage Protection (ADP): protect yourself from the replacement costs of broken screens and liquid damage

Premier Support Option: focus on business, not IT, and benefit from the best SLAs, real technicians, and expertise

International Coverage: warranty support where the particular ThinkBook S model is sold and serviced, consistent service levels.

Expedited Depot Service: Upgrade to this service to ensure minimum downtime with a faster turnaround on all covered repairs.

ThinkBook

Lenovo

SERVICES AND SUPPORT: ALL-ROUND CARE FOR YOUR THINKBOOK

Lenovo offers a comprehensive, commercial
grade coverage that goes beyond a simple warranty.
Premier Support

Bypass phone menus and scripted troubleshooting to
access advanced-level technicians with the expertise
needed to quickly diagnose and solve problems.^{1,2}

Warranty Upgrades

Onsite Service maximizes PC uptime and productivity
by providing convenient, fast repair service at your
place. In addition, with Tech Install CRU service the
installation of all internal Customer Replaceable Unit
(CRU) parts will be done on your behalf by a trained
technician.¹

Warranty Extensions

This fixed-term, fixed-cost service and Sealed Battery
warranty extensions helps you accurately budget for
PC expenses, protect your investment, and lower the
cost of ownership over time.¹

Accidental Damage Protection

Protect your investment from operational or structural
damage caused by common accidents like drops, spills,
or electrical surges. This protection plan helps with
predictable budgeting, minimizes unexpected repair
costs and provides significant savings relative to the
cost of non-covered repairs.^{1,2}

Keep Your Drive

Retain your drive if it should happen to fail, giving you
the peace of mind of knowing that your valuable data
is secure.^{1,2}

1 Up to 3 years total duration

2 May not be available in all regions

*Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors

**Optional.

***Modern Standby is available on configurations with Intel Integrated graphics (UMA).
